PARTNERS FOR LIFE

“We are a humanitarian organization removing roadblocks to human potential.” – DAVID BRINKMAN

Partners for Life (PFL) is an engaged community of compassionate donors dedicated to making a difference in the lives of persons affected by HIV/AIDS, and so many more. Your support as a member of Partners for Life helps Desert AIDS Project serve its 4,600 patients and clients – transforming their lives in the process. Partners for Life has created a legacy of identifying unmet needs in our community and then funding innovative solutions. PFL members are advocates that support D.A.P.’s patients and clients via fundraising efforts that ensure the door to compassionate care is always open to those who need it most.
